The App includes a calendar of events including any theme days, field trips, beach and pool visits, and more! You will also see photos of your child's camp day in the photo sharing section of the app. Finally, the app is where Camp Directors will share reminders and updates about the camp day through push notifications.

Reporting Absences

Families should inform the Camp Director when their child will be absent. They can do so by emailing the Director no later than the start of the camp day. If a child is not present after attendance is taken, the Director will reach out to confirm that camper's absence.

Camper Attire

Campers should dress in comfortable attire that's easy to move around in. Some camp activities use paint or other messy materials, so please send your camper in clothing that can get messy. Campers should wear gym shoes every day.

Lunch & Snack – Nut-Free

Campers will keep their lunches in their backpacks; they will not be refrigerated. Campers are encouraged to bring a healthy snack to eat during the day. *All snacks and lunches must be nut-free.* Kiddos Catering lunch service is available for purchase; more information is available in the Camp section of the Wilmette Park District website.

Personal Items

All items brought from home should be labeled with your camper's name. If toys or games brought from home cause a distraction to the camp day, counselors will ask campers to leave them in their backpacks. Camp staff is not responsible for lost, damaged or missing items.

Technology

Campers are encouraged to participate in games and activities throughout the camp day. Camp staff will also encourage campers to socialize with their peers. The use of technology such as iPads, handheld gaming devices, and cell phones may deter from the goals of camp. Campers are encouraged to leave such items at home. Camp staff may ask campers to leave them in their backpacks or turn them in to the camp staff to be returned at the end of the day.

Sunscreen

Please apply sunscreen to your child prior to camp drop off. Please send sunscreen with your camper labeled with your child's name. We will encourage campers reapply sunscreen throughout the camp day. Camp staff are not permitted to apply sunscreen.

Water Activities

The camp calendar will note any water activity days. Please send your child in their swimsuit under their clothes on these days, and pack an extra set of dry clothes.

Beach Visits

Campers should wear their camp T-shirt on days we visit Gillson Beach, Mondays. *Be sure to answer the question about the beach in the Camper Information Data form, so we know the correct swim permission status for your child.*

Pool Visits

Campers will participate in free swim at Centennial Aquatic Center on Tuesday, Thursday, and Friday. Centennial staff will evaluate camper swimming abilities during their first visit. Only Coast Guard-approved flotation devices, and flotation devices provided by Centennial Aquatic Center are permitted. Be sure to send your child with their swimsuit, towel and sunscreen.

Field Trips

Campers should wear their provided camp T-shirts on field trip days, Wednesdays. Please reference the camp calendar for specific field trip locations. The camp newsletter will provide any additional information regarding field trips such as required waivers, things to bring, etc.

Photographs

We may take pictures of the campers while they are participating in various camp activities. These photos will be shared with families in the Wilmette Camps App, and they may be used for display and/or publicity purposes. If you do not wish for your child's picture to be taken, please notify the Camp Director in writing on the first day of camp.

When Weather is Bad or Severe

Rainy Days: Camp meets inside on rainy days. Camp activities move inside during bad weather days, and trips to the beach or pool may be cancelled or rescheduled.

Thunderstorms/Tornadoes: In the event of a thunderstorm, campers will be moved to designated classrooms or shelters until an all-clear has been given. In the event of a tornado, campers will be moved to the inner corridors of the building until the all-clear is given.

Extreme Heat: In the case of extreme heat, we provide plenty of cold water, and campers are kept in the shade or indoors where possible. Activities are modified to be less strenuous. We respect your judgement for what is best for your child if you choose to keep them home on very hot days.

Health, Injury and Illness Procedures / Reporting

Medication: If your camper needs to take medication while at camp, please fill out the Medication Consent Form. This form should be turned in to the Camp Director on the first day of camp. Medication must be in its original container, labeled with your campers name, and will be held by the Camp Director.

Injury: In the event of a camper injury, we will provide basic first aid. Depending on the extent of the injury, the Camp Director will notify the parent, or will use the alternate phone number provided on the Camper Information Data form, after a call to 911.

Contagious Illness: In order to help keep all campers and staff healthy, if your child develops a contagious illness (i.e., COVID-19, chicken pox, strep, etc.), you must report this to either the Camp Supervisor or Camp Director at your earliest convenience upon diagnosis. Based on the reported case, staff will determine the best notification plan for close contacts.

If a child becomes ill during camp, a parent will be notified and asked to pick up the child as quickly as possible. If a parent is unable to pick them up, the emergency contacts will be called. Camper may not return to summer camp until symptom and fever-free for **24 hours without medication**. We ask that you be considerate of other children and staff and keep your child home if they show signs of illness.

Behavior Management Policy

In our programs, discipline is viewed as teaching the child. This consists of both setting consistent expectations and enforcing them when necessary. The child is given guidance through positive reinforcement, such as praise and special recognition.

We work towards strengthening each child's self-confidence and self-esteem, making them feel good about themselves and taking responsibility for their own behavior. Positive relationships to develop trust are encouraged.

When a conflict arises, children will be given the chance to talk about what happened and how they feel. This will help them to use words, rather than physical action.

If a situation occurs in which a child needs to take some time out from an activity to calm down, it will be no longer than one minute per year of age. This is not a punishment, but an opportunity to practice self-control.

These methods are both effective and most respectful to the children. Given respect, children feel an important part of the group and have a sense of self-reliance.

When working with children, staff will implement this policy in the following ways:

1. Find out the cause of the behavior.
2. Set a standard of behavior and maintain it. Act with consistency.
3. Allow the children to help make, and enforce, the rules.
4. Think before they act. Be fair and just, not judgmental.
5. Follow through with discipline and treat all children fairly.
6. Make limits clear and understandable to the child.
7. Inform the supervisor and parents/guardians of any behavior concerns they are having, as the supervisor and/or parents/guardians may be able to provide some insight.
8. Document behaviors that are consistent and of concern.

Parent/Guardian Role:

Parents/Guardians will be informed of any behavior concerns that arise. You have a wealth of knowledge about your child, and can help by sharing what works for you, and your concerns. It is important you know we are a team, and want to work together in the best interest of your child.

Camper's Role:

The campers help to determine camp rules, which are presented to them with clarity and followed with consistency. When talking with a child about their behavior, staff will ask them what they feel the right thing is to do and what rule to follow, so they know the child understands the situation and behavior.

Behavior Management, Continued

Steps Taken Between Parents & Staff to Support Positive Behavior:

1. Parents/Guardians will be informed of any behavior concerns.
2. Parents/Guardians will be asked to share what works for them at home.
3. Parents/Guardians and staff will work together to figure out what might be causing the behavior.
4. Camp Supervisor and Directors will set up a conference with the parents/guardians to go over the above items, and set up a plan to support the child and encourage positive behavior. Staff will communicate on progress, and schedule a second conference if needed.
5. During a second conference, the Camp Supervisor and parents/guardians will review if progress has been made. If necessary, staff and parents/guardians will revise the plan.
6. If at the time of a third conference staff has seen no improvement in a child's behavior, he/she will be withdrawn from the program, in the best interest of the child and classroom.

The intention of our Behavior Management policy is to ensure that every effort is made to meet the needs of the family, and continue to support each camper in our programs.
